

THE MARKET AND CREAMERY

THE CRAFT OF CARMEL VALLEY RANCH

Welcome to your suite! We're all for you just relaxing and enjoying your new home base—but when you venture out, be sure to make time in your play schedule for a stop at The Market and Creamery.

These new interactive culinary spaces are designed for you to gather, discover, and taste the bounty of our artisans—cheese from the milk of our own goats, honey from beehives just steps away, products made with lavender harvested right here. Take in a live demonstration, watch as we make ice cream, or sit back and listen to the stories.

And feel free to linger and socialize (you can even meet the goats out back), because there's also an espresso bar, local wines and beers, surprise tastings, and more. When it's time to go, grab a few delicacies for a picnic somewhere around our majestic property—or just bring them right back here. After all, this a pretty nice room, isn't it?
