

Capri Tiberio Palace

Capri Tiberio Palace, iconic property located just few steps from Piazzetta, is known also for its fizzy splendid style inspired by La Dolce Vita since its new takeover. Major enhancements every year further emphasize the absolute uniqueness of the magical atmosphere that portrays the home of a globetrotter in the glamorous island of Capri, Italy.

The new version of the luxury boutique hotel exhales an eclectic vibe. Each room tells a story and includes a collection of items carefully selected by interior designer Giampiero Panepinto.

Capri Tiberio Palace features also the only spa in Capri with dedicated water area and six treatments rooms. An array of treatments merges the local herbs and fruits from the hotel's vegetable garden together with cutting edge technics.

At Terrazza Tiberio original Italian cuisine and incredible views are complemented by a careful selection of authentic tastes and an expert wine selection. Executive Chef Nello Siano reflects his international experience in gastronomic experimentation while focusing on traditions, sustainability, and a zero-kilometre approach by using fresh local ingredients, some found in the hotel's herb garden.

The Jacky Bar is a perfect gathering spot for guests and island habitués, decorated with graphic motifs and reviving the atmosphere of Cuba of the 50s. Located on the ground floor, the bar offers classic and experimental cocktails and a stunning sight of Capri sunsets from the large scenic terrace.
