SOUL DESTINATION

Perfect spot

Located in the pine plant Sithonia, the largest of all three peninsulas of Chalkidiki, with more than 100 crystal-water beaches, next to Diaporos, an explorable island with secluded coves and a fascinating underwater world, and close to Thessaloniki, Greece's largest second city at the north, this organism of carefully designed buildings and suites offers memorable stays that mesmerize all senses. Member of **Design Hotels** and a **Traveller Made Hotel Partner**, its rooms and outdoors have been awarded several times for their architecture and high aesthetics, while its two restaurants, **Bubo & Treehouse**, are considered among the country's best.

80 minutes to Makedonia International Airport (SKG)

90 minutes to Thessaloniki city center

— We collaborate with **Physis Laboratories** for bath amenities, a series of natural care products that combine Greek herbs, beneficial oils and refreshing vitamins.

Astonishing landscape

Nestled in the idyllic Gulf of Vourvourou, with the white sand and the warm, turquoise water, surrounded by an old pine forest, where the sweet bird chirping enchants the visitors, Ekies All Senses Resort grows naturally amidst a variety of trees, such as cherry, apricot, fig and plane trees, flower gardens and miraculous aromatic plants. The Bay is part of the **Natura 2000 network**, many protected bird species find refuge here, as well as small mammals and sea animals.

HAPPINESS MATRIX

Sustainable gastronomy

Embracing the “Farm to Fork” philosophy, we cultivate our organic vegetables and edible flowers to provide our kitchen with fresh ingredients. Also, we use our herbs to make refreshing drinks, we buy fish, poultry, and cheese from local producers, we offer the famous regional honey in our breakfast, and we aim for all food supplies to come from the broader area.

Tasty sips & bites

Our two multi-awarded restaurants represent the Greek creative cuisine. In “Bubo” you can taste modern dishes and elegant wines in front of the beach, while in “Treehouse” you can experience a degustation menu seating on a pine tree under the stars. In “Loligo” you will enjoy delicious snacks, energizing smoothies, and summer cocktails and in “Lagus” you can drink your coffee next to the pool. Private dining is also a very good option!

Relaxation & training

Our wellness center, surrounded by trees and flowers, offers holistic treatments with materials coming from our herb gardens, different types of massage sessions and tailor-made beauty treatments, including nail and hair care. Right next to the spa is an outdoor gym, fully equipped with TRX, bars, weights, and a treadmill. Ask us about the yoga courses!

High aesthetics

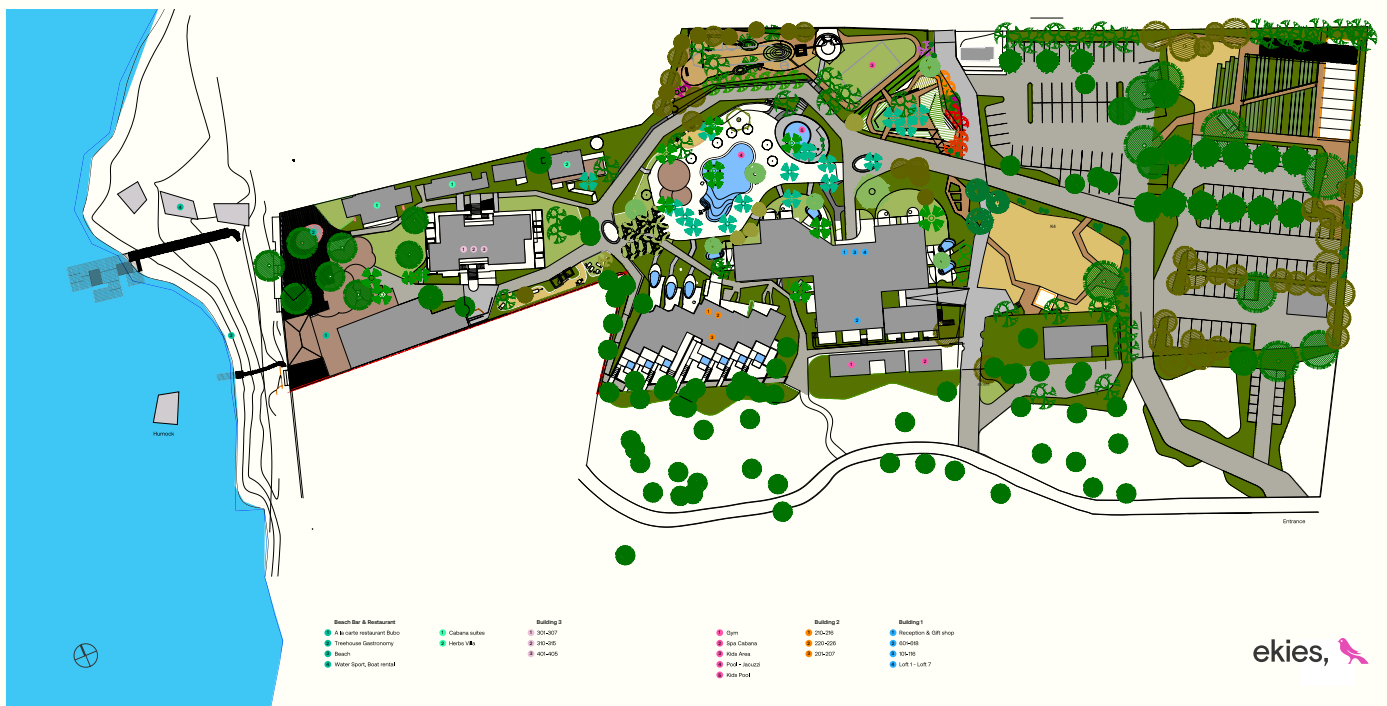

High aesthetics is part of our DNA thus we serve as a creativity hub, where the local craftsmanship and Greek art meet unique pieces made by influential international designers. We preserve local tradition of ceramics and textile art; we cooperate with local manufactures for our furniture, we give space to Greek artists to present their work and we collect design objects from all over the world.

Kids oasis

Ekies is an ideal place for the little ones, who can enjoy swimming in the shallow water of our beach, build castles out of the white sand, play in our kids’ pool, and make new friends in the playground, which is made by natural materials.

Interesting activities

- Rent a boat from our beach, explore Diaporos island and have a picnic on one of its tinny coasts.
- Go hiking with one of our specialized partners and enjoy the unspoiled countryside of Sithonia.
- Arrange a transfer in our reception to visit Thessaloniki, which counts more than 2000 years of history. Make a tour to the historical monuments, go for shopping, and taste the local cuisine.
- Let us organize for you a daily cruise around **Mount Athos, the Unesco’s World Heritage Site** with more than 20 holy monasteries.
