## 6 Most Romantic Hotels In Paris

Paris has rightfully earned its reputation as a capital of romance. A bucket list locale for honeymooners and proposals, Paris is made for lovers — and you'll find all the poems, songs and movies to prove it. If you want to upgrade the romance factor the next time you're in the City of Light, sleep in style in one of these six spots, all offering a memorable stay in the shadows of the Eiffel Tower.

### **Le Grand Mazarin**

Sitting in vibrant Le Marais, the newly opened Le Grand Mazarin is a design lover's dream. Superstar Swedish interior designer Martin Brudnizki crafted the ambiance of an 18th-century literary salon, where intellectuals and artists would gather in gorgeous aristocratic homes for lively conversations.

Don't let the premise extinguish your flames, though — the style is anything but stuffy at this 61-room boutique beauty. Frilled armchairs are swathed in leopard print fabric, and embroidered fairytale-inspired scenes adorn the canopied beds. Book the Grande Parisian Junior Suite or the Mazarin Suite on the upper floors for balconies that couldn't be more Parisian — or a more romantic setting for your morning caffeine or sunset drinks.
