

## AMBERGRIS CAY ANNOUNCES NEW SCENIC ACCOMMODATIONS

### *Private island resort in Turks & Caicos introduces eight new beachfront bungalows*

PROVIDENCIALES, Turks and Caicos Islands (March, 11, 2024) – [Ambergris Cay](#), a premier private island resort and vacation home destination, announces the addition of seven new one-bedroom beachfront bungalows and one new two-bedroom beachfront bungalow. Available for bookings today, the latest bungalows add to the existing ten and will now provide additional opportunities for affluent travelers to become immersed in the nature-luxe landscape.

“Our team strives to provide the perfect blend of elegant finishings and elevated service in a naturally breathtaking setting,” said Dinesh Kissoon, General Manager at Ambergris Cay. “While the villa accommodations provide a full home-away-from-home experience, our beachfront bungalows create a unique way to soak in the serene setting directly along the pristine Monck Beach. The new offerings allow guests to enjoy the breathtaking sunset views and sense of Caribbean Sea calm felt along the immaculate coastline.”

Ranging from one to two bedrooms, each beachfront bungalow features endless views of the coastline, a heated infinity pool, outdoor showers, floor-to-ceiling glass windows and an open floorplan with bedroom and living space. The modern accommodations take inspiration from the surrounding setting with a crisp white base accented by sand-colored hues that best reflect the array of blue along the beachfront. Offering an open-air, personal expanse where coastal refresh and simple elegance combine, couples, families with young children, and solo travelers alike feel at ease.

“Looking ahead, our team is excited to continue to enhance the overall guest experience with expanded offerings, features, and the introduction of more accommodations,” continued Kissoon. “Our team aims to continue to exceed expectations in creating the nature-luxe stay that best suits each of our guests.”

In addition to the now 18 beachfront bungalows, Ambergris Cay features eight villas and a selection of luxury private homes from three to six bedrooms, all boasting different scenic viewpoints around the island and outfitted in contemporary tropical decor with distinct layouts and varying luxe features. Travelers enjoy a premium bespoke all-inclusive experience, including villa or bungalow accommodations, dedicated island host for each villa and bungalow, personal golf cart for on-island use, delectable dining experiences, complimentary air transfer to Ambergris Cay from Turks and Caicos mainland and more.

For additional information on Ambergris Cay and its offerings or to book a stay in one of the new beachfront bungalows or villa accommodations, visit [www.ambergriscay.com](http://www.ambergriscay.com) or call +1.833.313.3172.

**About Ambergris Cay:**

Ambergris Cay is an ultra-luxe all-inclusive 1,100-acre private island resort and exclusive home ownership program in the southwest corner of the string of Turks and Caicos Islands. Home to eighteen bungalows and eight villas along a virtually undisturbed natural landscape, accommodations include beachfront bungalows with heated plunge pools and a collection of privately owned homes and luxury villas, ranging from three to six bedrooms. With one of the region's largest private jet airways, 5,700-foot accommodating aircrafts up to 28m in length, Ambergris Cay provides complimentary flight transfers for those traveling through Providenciales International Airport. The concierge team has the ability to coordinate direct route landing upon booking for guests and homeowners traveling via their own private jet. Customizable features and services include daily fitness classes, guided ebike tours of the island, state-of-the-art gym and yoga pavilion, tennis and pickleball lessons, spa offerings, water experiences such as kayaking, diving, snorkeling, fishing, and boat excursions. Focusing on providing international cuisine with a touch of Caribbean influence, gourmet meals and premium cocktails are served across the island's culinary venues such as Calico restaurant and bar, Club House restaurant and pizza oven, and the in-water Hangover Bar at Little Ambergris Cay. Special hook-and-cook, beach barbecues on nearby uninhabited islands, intimate dining on floating docks, Chef's Table, and in-accommodation dining offer additional culinary experiences.
